Nuvite Chemical Eliminate (1USG)
Technical Datasheet

Product Description

Dependable sludge removal for lavatory holding-tanks & component parts.

Biodegradable Super Soak Safe for Equipment & Personnel Non-Flammable/Non-Combustible Exceptional Dispersal
DIRECTIONS FOR USE:

Internal Aircraft

Depending on sludge conditions, use ELIMINATE concentrate up to 1:5 dilution with a steam cleaning method or an overnight soak.
Soak

Fill lavatory tank to splash guard. Operate flush mechanism to distribute the material. After soak period, flush out tank thoroughly. Use NUVITE's PowerPax to deodorize during flight. Component parts can follow the same procedure. Agitate where possible. Finish with a final thorough rinse.
Sold in 1 US Gallon containers.

(5 US Gallon containers available)

PLEASE NOTE, 2 – 4 WEEK LEAD TIME ON BACKORDERS

Commodity Code: 3402905030

Product Description.
Eliminate is a technology-based aircraft lavatory care and ongoing maintenance system. Eliminate's toilet additive is specifically designed to break up and disperse all hard to remove residues, mineral scale, and waste by-products. It is formulated to be safe to equipment while dislodging and breaking down lavatory sludge within the system.

Core Benefits.
• Exceptional dispersing and cleaning performance
• Safe to internal pumps, airport tritcherator and municipal standards
• Conforms to airframe OEM standards and specifications

Directions for use.
Empty lavatory holding tank and add Eliminate. Allow to soak during routine overnight service. Flush all toilet compartments several times during process to ensure that pumps and flush rings are saturated. Use Eliminate full strength or up to 1:5 dilution, depending on sludge conditions with a steam cleaning method or overnight soak. After use of Eliminate, add Goodbye NF lavatory deodorant for bluing and odour control.

Safety & storage.
Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Only for professional users/specialists. Store in original closed containers away from extremes of temperature.
