

## AeroFresh Technical Datasheet

---

### Product Description

The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents. Enzyme based. Bio-degradable. Fresh linen aroma.

**Commodity Code:** 3402909000

#### Product Description.

A specialised odour absorbing and neutralising spray which binds and immobilises odoriferous molecules such as hydrogen sulphide, mercaptan, thioether, isovaleric acid and ammonia.

Unpleasant odours are effectively controlled and removed rather than just masked

#### Core Benefits.

AeroFresh is readily biodegradable. The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents

#### Directions for use.

AeroFresh is supplied in ready to use format and should be sprayed liberally over the affected area.

No need to rinse surfaces following application.

#### Environmental.

- Local UK Production and supply chain reduces CO<sub>2</sub>e impact from transport.
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation, microbes and manufacturing by-products reducing CO<sub>2</sub>e and environmental toxicity
