

AeroFresh Technical Datasheet

Product Description

The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents. Enzyme based. Bio-degradable. Fresh linen aroma.

Commodity Code: 3402909000

Product Description.

A specialised odour absorbing and neutralising spray which binds and immobilises odoriferous molecules such as hydrogen sulphide, mercaptan, thioether, isovaleric acid and ammonia.

Unpleasant odours are effectively controlled and removed rather than just masked

Core Benefits.

AeroFresh is readily biodegradable. The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents

Directions for use.

AeroFresh is supplied in ready to use format and should be sprayed liberally over the affected area.

No need to rinse surfaces following application.

Environmental.

- Local UK Production and supply chain reduces CO₂e impact from transport.
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation, microbes and manufacturing by-products reducing CO₂e and environmental toxicity
