

Leather Master Ink Stop Technical Datasheet

Product Description

Leather Master Ink Stop will prevent up to 80% of pens from deliberately or accidentally writing on your leather parts due to an advanced protection system when used regularly.

Leather Master Ink Stop Cream provides excellent protection of leather against water based, oil based and alcohol stains; it protects leather against wear & tear, perspiration and greasy skin marks. Leather Master Ink Stop Cream (if used in the recommended frequency cycles) will also block Ink and Dye Transfer from penetrating the top surface of the leather making the longevity of leather extremely cost effective and attractive.

Sold in 500ml bottles.
