

CREW T O O L

Crew Tool is a leading manufacturer of sealant application and removal hand tools. While we work with a variety of industries, we have a specific focus on the aerospace/aviation industry. We are an approved vendor in many of the largest aircraft manufacturers in the world and we support them through a select network of distributors and integrators and we are pleased to have Frasers Aerospace as an Authorized Distributor of our products throughout Europe.

Sincerely,

A handwritten signature in black ink, appearing to read 'B. Propst', written in a cursive style.
